# CAMPUS AND LOCATION

*Universidad Católica San Antonio de Murcia was established as an educational project focused on the active presence of students, professors and other members of the college community inside the campus.*

The campus is located at the Jerónimos Monastery (13th Century building) with an area of over 225,000 square meters that includes gardens, parking spaces and sports facilities. Together with its baroque church, it is declared a Historic & Artistic National Monument.

Inside the campus, you will find well-equipped and spacious classrooms, libraries, auditoriums, meeting and workspaces, computer laboratories equipped for multimedia and language classes. Furthermore, the campus has its own television and radio broadcasting studios that air in the region of Murcia.

At only 4 km away from the urban center of the capital city of Murcia Region, the special environment of UCAM combines peace and tranquility with accessibility. Furthermore, the campus boundaries are not merely limited to the Jerónimos campus compounds but is spread across the suburbs of Guadalupe with the UCAM Sports Center located within the La Noria outlet shopping center that is just 5 minutes away. Also, UCAM has several satellite campuses across the region for exclusive classes held in the summer.

## PERSON TO PERSON, FACE TO FACE

*UCAM staff value personal relationships in the education context, which is why each student is given a personal tutor and classes are kept to a small number of students.*

Each student is a reason for UCAM to continue striving for excellence. This core guideline is reflected by the variety of the academic programs on offer in UCAM's curriculum, which

constantly adapt to the changing needs of society and are recognized by the European Higher Education Area.

# LEARNING IN ACTION

*UCAM empowers students to develop their practical skills for application in the professional world.*

The campus' top class infrastructure, labs and studios, allied with its practical subjects, prepare students to put the acquired knowledge into action.

For students with exemplary academic profiles, UCAM provides them with more than 50 research opportunities to collaborate with enterprises such as Coca Cola, Danone, Santander, Repsol, Vodafone, LFP, ACB League, Hertz, Caritas and McCann-Erickson.

Each student is required to complete an internship in a public or private institution where they will gain a taste of their field of expertise even before they graduate.

Students of UCAM's Faculty of Health Sciences carry out practical classes and group work in specialized laboratories. The dynamism of the group, the importance placed on practice and the proximity to students are top priorities for the lecturers.

# BEYOND KNOWLEDGE; INCULCATING VALUES

*As a Catholic institution committed to the Church, UCAM does more than just provide a top quality education.*

The transmission of values is a pillar of the university, making the difference in the future of our students: they not only go on to become great professionals but they will also to develop strong personal ethic and empathy.

UCAM's formation is integral, comprehensive and provides opportunities for personal development through volunteering activities, congresses, seminars, research projects and religious services.

If you have completed your higher education outside of the EU, the Official Transcript and Diploma of your prior university studies need to be recognized by one of the following means:

- Official University Degrees from an European Union country are automatically recognized by UCAM
- The Hague Apostille (please consult the list of signatory countries in: [international.ucam.edu/admission/hague-apostille-countries](http://international.ucam.edu/admission/hague-apostille-countries))
- The Andrés Bello Convention (Bolivia, Chile, Colombia, Cuba, Ecuador, Spain, Mexico, Panama, Paraguay, Peru and the Dominican Republic) + the stamp from the Ministry of Education and Foreign Affairs where documents were issued + Spanish consulate stamp
- The diplomatic pathway, with the compulsory four stamps i.e. Ministry of Education and Ministry of Foreign Affairs of the country where documents were issued + stamp from the Spanish Consulate and the Spanish Foreign Affairs Ministry in your home country

All documents that are not in English, Spanish nor Italian, must be duly translated into Spanish by a sworn translator (this applies to EU and non-EU Degrees).

## INTERVIEW PROTOCOL

### Contents and Objectives

UCAM's student body comprises nationalities from all over the world. For this reason, the university wants to capture those excellent students that are motivated to further refine their personal and academic careers, by providing a fair and professional recruitment procedure. Hence, the personal interview focuses on the applicant's academic profile as well as their skills and competencies.

The interview takes place over Skype and lasts 20 to 40 minutes containing questions related to the documents relevant to the application – academic background, letter of motivation, CV, Visa, as well as questions about personal motives, future aspirations regarding the student's professional career, extracurricular activities and hobbies, leadership skills, creativity, social engagement and emotional intelligence.

### Remember:

- *Interviews are informal, therefore be natural and honest to ensure that you express your personality and underlying motivations.*
- *Feel free to ask for clarifications during the interview.*
- *Answer the questions naturally, without constraints, by outlining your ideas, desires and goals.*
